The Providence Center, a nonprofit organization that serves adults with developmental disabilities, unveiled a new walkway recently at its Jean Bradbury Building greenhouses in Arnold.

The walkway was donated by Chaney Enterprises, Belgard and Garner Exteriors as part of a do-it-yourself demonstration to homeowners for installing pavers. The demonstration was held for nearly two dozen homeowners on April 20.

The approximate value of the new walkway is more than \$8,000, and the entire cost was donated by the three companies to Providence Center.
